

UMTS WLAN Antennas > WLAN Antenna Omnidirectional SMA-RP

## WLAN Antenna Omnidirectional SMA-RP

Model : WLAN-OMNI

WLAN Antenna Omnidirectional SMA-RP

Manufacturer : -

Omnidirectional WLAN Antenna 2.45 GHz (IEEE802.11b und IEEE802.11g)

### Features

- Frequency Range: 2.45 GHz for WLAN IEEE802.11b and IEEE802.11g standard
- Gain about 9 dBi
- SMA-RP connector
- hinge connector
- Dimensions: length max. 395 mm, diameter max. 13 mm
- Weight about 58 g

To use for:

- WLAN IEEE802.11b 2,4 GHz
- WLAN IEEE802.11g 2,4 GHz
- Also for all 2,4 GB purposes, for example video receiver - transmitter

In the box

Omnidirectional WLAN antenna 2.45 GHz with SMA-RP connector

Please note the maximum allowable EIRP output of the respective services!

**Price : 19,95EUR[incl. 19% Tax excl. Shipping]**
